LINOTYPE SALES

are greater than ever

Because :

Over forty years of experience is behind every part of a Linotype—that is why it is a fully efficient machine.

It is a sound investment—it stands up to its work year after year : it is dependable : it is built to last.

The Text and Display Linotype.

Real service is with the machine from the time it is installed and onward—our depots, our staff of experts, and our Works at Altrincham combine in maintaining that service.

Superiority

We make the Miehle which printers have made famous. That is why the Miehle—always in the highest class—remains the best. It has been made superior by the manufacturers and by the users jointly—

By the manufacturers through the extreme care taken in every stage of its manufacture ;

By the printers through their constant orders, whereby it is possible for us to maintain the high standard of manufacture at a reasonable price.

As the best printing is the most profitable, it will pay you to write for particulars of this British-made press for perfect printing—The Miehle—the two-revolution machine which raised the standard of press work throughout the United Kingdom.

The Miehle Press.
